### Application

### Tiling and Grouting - CTA/JF
- Thin-bed adhesive mortars ISO13007 C1
- Flexible thin-bed adhesive mortars ISO13007 C2S1
- High flexible thin-bed adhesive mortars ISO13007 C2S2
- Thin-bed adhesive mortars gypsum-based
- Thick-bed adhesive mortars gypsum-based
- Joint filler and tile grouts

### Flooring Levelling Compounds - SLC
- Self-levelling floor compound with synthetic plasticizers
- Self-levelling floor compound gypsum-based

### Screeds - SLS
- Cement screeds
- Calcium sulfate screeds

### Waterproofing - SM
- Rigid sealing slurries and mortars
- Flexible sealing membranes

### Repair Mortar - REP
- Patching or troweling compound
- Concrete and concrete repair
- Bonding agent and anti corrosion slurry
- Gap filling mortar / smoothing compound

### ETICS/EIFS (Exterior Thermal Insulation Composite System) - TIS
- Adhesive and composite mortars for TIS
- Thermal insulation renders

### Plasters - HSP/JF/GYP
- Grounding or base coats interior and exterior
- Skim coat inside
- Skim coat outside
- Decorative renders
- Gypsum-based grounding or base coat
- Gypsum-based joint gap fillers / troweling compound

**Legend:**
- Highly recommended
- Suitable
